1.0% Sulfur (S) combined	

Derived from Ammonium Phosphate and Ammonium Sulfate

Water soluble plant food nutrient designed for dissolving in water followed by injection into irrigation systems. Consult a professional crop consultant for proper rates and application procedures.

APPLICATION IRRIGATION WATER

Solid Set, Overhead, Drip, Sprinkler or Pivot Irrigation Systems: Dissolve WIF 'P' in mix tank and apply in irrigation water. Use of anti-siphon or back-check valve is required to prevent material from running back into primary water supply.

This product is not recommended for use with tin fungicides. This product, when mixed with copper fungicides, may be phytotoxic. Consult your local agricultural extension office for more information.

PROPOSITION 65 WARNING: WARNING: This product may contain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal condition of use. Seller makes no warranties of merchantability or fitness for a particular purpose or any other express or implied warranty except as stated above. Under no circumstances will such warranty extend to the use, storage or handling of this product contrary to the label instructions or under abnormal conditions or under conditions not reasonably foreseeable to seller. The buyer shall assume all such risks of such use, including but not limited to crop injury, ineffectiveness, damage to plants, damage caused by drift to other plants or crops, personal injury or other unintended consequences. These consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the seller. In no case shall RSA MicroTech, LLC be liable for consequential, special or indirect damages resulting from the use or handling of this product.
